GENERAL INSTRUCTIONS FOR TENDERERS

- Work Completion Time: One Month (From the date of work order)
- The work outlined in this tender must be carried out and completed within one month in accordance with the Tender Document, Bill of Quantities, Drawings, and Instructions to the satisfaction of the Architects and the Bank. A penalty of 1% per day of the total work awarded will be imposed for any delays in completion.
- The term "**Contractor**" refers to the successful tenderer who will be awarded the Contract.
- Contractors must provide rates in both figures and words. Any corrections or overwriting should be initialed by the Contractor.
- Tenders must be submitted by the Contractor with a seal, signature, and date on each page.
- Contractors must submit the costs of the main items as per tender specifications. Any modifications after the contract has been awarded will not be allowed unless there are specific instructions from the Bank/Architect to change specifications.
- The contract is time-bound, and the work must be completed within the specified time limit in the tender notice. This is a working office, and the contractor must ensure minimal disruption to regular services.
- The decision of the Employer and the Architect is final and binding.
- The contractor must submit a registration certificate for both "furniture & fixture work" and "Electric & data cabling work" in separate envelopes labeled "Technical Bid for furnishing & electrical work."
- The contractor must submit tenders for both "furniture & fixture work" and "Electric & data cabling work." Partially completed tenders will be rejected.
- The contractor is responsible for installing electrical fixtures and light points according to the drawings provided. Wires must be drawn from the existing positions of light points and power points, as necessary.
- The contractor must also provide a certificate from an electrical contractor who holds the necessary license/certification from the Directorate of Electrical Safety (U.P.) or a competent authority in another state.

TERMS & CONDITIONS

- Unless stated otherwise, all works are not subject to any allowance for waste. The price for all items will include all necessary straight and curved edges unless otherwise specified or measured separately.
- Any damage to the work before the site is handed over must be replaced or repaired at the contractor's expense to the satisfaction of the Architect/Bank.
- Income Tax and other applicable taxes will be deducted at the source in accordance with the Income Tax Act/Rules.
- The quantities listed are subject to change. Payment for the bill will be based on the actual measurements certified by the architect, not exceeding the total value quoted in the tender form.
- The Architect or any officer of the Employers will have the freedom to inspect the work at the site during the execution period. Any suggestions for changes or modifications to enhance the quality of work will be implemented only after receiving approval from the competent authority of the employers and the Architect.
- Failure to commence work after accepting the work order, leaving work incomplete, not rectifying defective work, or violating the terms and conditions will result in the contractor being de-panelled or blacklisted.
- For any work not included in the contract or any unforeseen work, payment will be made based on approved rates for similar work, as determined by the Architect following the current PWD schedule of rates or analysis of material costs, labor rates, and a 10% profit margin for the Contractor. The Contractor must obtain written approval before undertaking any additional work.
- The bidders must sign each page of the tender documents, including the attached drawings.
- The amount should be provided in both numerical figures and written words. If there is a discrepancy between the rates in words and figures, the written amount will be considered final.
- The Contractor is responsible for arranging and covering the cost of storing materials, plants, and tools. The Employer will not be responsible for the security of the Contractor's materials. No tools or plants will be provided by the bank.
- The Employer/Architect reserves the right to accept or reject any tender without explanation, and their decision will be final.
- If the Contractor breaches the contract by making slow progress or causing damage, the Employer or Architect may terminate the contract without further explanation.
- The Architect is authorized to request the contractor to provide samples, colors, or test certificates from any government or authorized agent for any materials used or to be used in the project. The contractor will be responsible for covering the expenses associated with this.

- The Employer will not be held liable for any damages or compensation resulting from accidents or injuries to any workers or individuals employed by the Contractor or any subcontractors.
- Upon completion of the project, the contractor is required to remove all debris, rubbish, materials, tools, and laborers from the site within three days. Failure to do so may result in the Employer disposing of the materials at the contractor's expense.
- Any disputes will be resolved by the Regional Manager of Baroda U.P. Bank at the Regional Office in Kanpur Dehat, Uttar Pradesh.
- Final payment for the project will be made upon completion, with the Architect certifying the work and deducting retention money as necessary.
- The rates provided in the tender do not include GST but cover all excise taxes. There will be no allowance for rate escalation under any circumstances.
